Project Name: Swift-Drive Project	Group Name: Swift-Drive Team
Sprint Number: 1	Date and Time: February 3, 2025 , 9:00 AM

List of attendance:

- Name: Ameera Attended? YES
- Name: Pauline Attended? YES
- Name: Mathews Attended? YES
- Name: Nnamdi Attended? YES
- Name: Sheja Attended? YES

Project Progress:

Team Member (1): Name: Ameera

1. What did you accomplish yesterday?
Answer: Oversaw the project's initialisation and coordinated the meeting.
2. What will you do today?
Answer: Continue project management and monitor team progress via Notion.
3. What obstacles are impeding your progress?
Answer: None reported

Team Member (2): Name: Pauline

1. What did you accomplish yesterday?
Answer: Documented the meeting and outlined team roles.
2. What will you do today?
Answer: Record meeting details in the shared document and assist with initial code tasks.
3. What obstacles are impeding your progress?
Answer: Awaiting additional directions on reporting details.

Team Member (3): Name: Mathews

1. What did you accomplish yesterday?
Answer: Created the initial GitHub repository and established the project structure.
2. What will you do today?
Answer: Distribute commits as planned and prepare for initial merges.
3. What obstacles are impeding your progress?
Answer: Minor integration clarifications needed.

Team Member (4): Name: Nnamdi

1. What did you accomplish yesterday?
Answer: Reviewed the repository setup and started planning pseudocode for key data structures.
2. What will you do today?
Answer: Begin drafting pseudocode details and help with README update planning.
3. What obstacles are impeding your progress?
Answer: Needs additional clarity on data structure specifics.

Team Member (5): Name: Sheja

1. What did you accomplish yesterday?
Answer: Coordinated early testing plans and confirmed initial setup.
2. What will you do today?
Answer: Outline preliminary test cases and provide input on SQL script direction.
3. What obstacles are impeding your progress?
Answer: No obstacles; awaiting further integration details.

Daily Standup Meeting: 2

Project Name: Swift-Drive Project	Group Name: Swift-Drive Team
Sprint Number: 1	Date and Time: February 7, 2025, 11:30 AM

List of attendance:

- Name: Ameerah Attended? YES
- Name: Pauline Attended? YES
- Name: Mathews Attended? YES
- Name: Nnamdi Attended? YES
- Name: Sheja Attended? YES

Project Progress:

Team Member (1): Name: Ameerah

4. What did you accomplish yesterday?
Answer: Managed the meeting and emphasised documentation consistency.
5. What will you do today?
Answer: Monitor the README update and ensure sprint tasks are on track.
6. What obstacles are impeding your progress?
Answer: None reported.

Team Member (2): Name: Pauline

4. What did you accomplish yesterday?
Answer: Recorded detailed meeting minutes and helped organize commit strategies.
5. What will you do today?
Answer: Finalize documentation and assist in confirming the commit plan.
6. What obstacles are impeding your progress?
Answer: None reported.

Team Member (3): Name: Mathews

4. What did you accomplish yesterday?

Answer: Assisted in refining the pseudocode draft and reviewed branch updates.

5. What will you do today?

Answer: Help ensure collaborative design and verify branch commit adherence.

6. What obstacles are impeding your progress?

Answer: Clarification needed regarding preliminary commit references (e.g., March 4 commits).

Team Member (4): Name: Nnamdi

4. What did you accomplish yesterday?

Answer: Presented the first pseudocode draft for data structure design.

5. What will you do today?

Answer: Update the README with build instructions (targeted for April 12).

6. What obstacles are impeding your progress?

Answer: None reported.

Team Member (5): Name: Sheja

4. What did you accomplish yesterday?

Answer: Contributed to testing discussions and supported code review efforts.

5. What will you do today?

Answer: Prepare enhanced testing outlines and continue pseudocode verification.

6. What obstacles are impeding your progress?

Answer: Minor clarifications needed on branch update strategies.

Daily Standup Meeting 3

Project Name: Swift-Drive Project	Group Name: Swift-Drive Team
Sprint Number:1	Date and Time: February 10, 2025 – 2:05 PM

List of attendance:

- Name: Ameera Attended? YES
- Name: Pauline Attended? YES
- Name: Mathews Attended? YES
- Name: Nnamdi Attended? YES
- Name: Sheja Attended? YES

Project Progress:

Team Member (1): Name: Ameera

7. What did you accomplish yesterday?
Answer: Oversaw branch merging and maintained communication on merge processes.
8. What will you do today?
Answer: Monitor ongoing merges and update the project dashboard on Notion to make sure task are allocated properly.
9. What obstacles are impeding your progress?
Answer: None significant.

Team Member (2): Name: Pauline

7. What did you accomplish yesterday?
Answer: Documented key merge outcomes and prepared the meeting summary.
8. What will you do today?
Answer: Consolidate meeting minutes with commit log references for the final report.
9. What obstacles are impeding your progress?
Answer: Awaiting the SQL draft's initial version.

Team Member (3): Name: Mathews

7. What did you accomplish yesterday?
Answer: Merged latest branch changes (including UX enhancements) and coordinated SQL strategy with Sheja.
8. What will you do today?
Answer: Finalize the SQL draft and continue smooth merge processes.
9. What obstacles are impeding your progress?
Answer: No major obstacles; merge conflicts resolved.

Team Member (4): Name: Nnamdi

7. What did you accomplish yesterday?
Answer: Contributed to merge efforts and supported README integration.
8. What will you do today?
Answer: Double-check the README completeness and refine pseudocode as needed.
9. What obstacles are impeding your progress?
Answer: Minor clarifications on merging protocols.

Team Member (5): Name: Sheja

7. What did you accomplish yesterday?
Answer: Co-developed aspects of the SQL script discussion and validated test case updates.
8. What will you do today?
Answer: Collaborate on the SQL script finalization and perform additional test verifications.
9. What obstacles are impeding your progress?
Answer: Testing framework is stable; no obstacles reported.

Daily Standup Meeting 4

Project Progress:

Team Member (1): Name: Ameera

13. What did you accomplish yesterday?

Answer: Confirmed that all team members had committed as per distribution; oversaw conflict resolution discussions.

14. What will you do today?

Answer: Finalize sprint tasks and ensure meeting minutes are incorporated into the project report.

15. What obstacles are impeding your progress?

Answer: No major obstacles reported.

Team Member (2): Name: Pauline

13. What did you accomplish yesterday?

Answer: Documented the outcomes from commit and merge updates

14. What will you do today?

Answer: Update the project report with the newly resolved merge conflict details.

15. What obstacles are impeding your progress?

Answer: No obstacles reported.

Team Member (3): Name: Mathews

13. What did you accomplish yesterday?

Answer: Resolved a minor merge conflict from Nnamdi's branch and ensured proper branch integration.

14. What will you do today?

Answer: Prepare a summary of merge details for the next meeting and continue monitoring commits.

15. What obstacles are impeding your progress?

Answer: None significant.

Team Member (4): Name: Nnamdi

13. What did you accomplish yesterday?

Answer: Coordinated pseudocode updates and reviewed conflict resolution.

14. What will you do today?

Answer: Started looking into the Design for data structure and algorithm.

15. What obstacles are impeding your progress?

Answer: None; the process is moving smoothly.

Team Member (5): Name: Sheja

13. What did you accomplish yesterday?

Answer: Initiated further testing preparations and built on the previous test suites.

14. What will you do today?

Answer: Enhance test suite coverage and run regression tests.

15. What obstacles are impeding your progress?

Answer: No obstacles reported.

Daily Standup Meeting 6

Project Progress:

Team Member (1): Name: Ameera

19. What did you accomplish yesterday?

Answer: Monitored the SQL script finalization and reviewed the merge process.

20. What will you do today?

Answer: Ensure all merge activities are documented and update the final report summary.

21. What obstacles are impeding your progress?

Answer: None reported.

Team Member (2): Name: Pauline

19. What did you accomplish yesterday?

Answer: Documented the finalization of the SQL script and updated meeting minutes.

20. What will you do today?

Answer: Continue compiling documentation and integrate commit log details into the report.

21. What obstacles are impeding your progress?

Answer: No obstacles reported.

Team Member (3): Name: Mathews

19. What did you accomplish yesterday?

Answer: Finalized and presented the SQL scripts and updated the merge details including UX improvements

20. What will you do today?

Answer: Assist with video demo preparation and ensure all SQL scripts are organized under the SQL folder.

21. What obstacles are impeding your progress?

Answer: None; all merge issues have been resolved.

Team Member (4): Name: Nnamdi

19. What did you accomplish yesterday?

Answer: Helped verify that branch merges were successful and that the README cross-references were accurate.

20. What will you do today?

Answer: Double-check documentation for the pseudocode alignment with the final SQL scripts.

21. What obstacles are impeding your progress?

Answer: Minor verification details needed on commit logs.

Team Member (5): Name: Sheja

19. What did you accomplish yesterday?

Answer: Confirmed that all unit and integration tests pass and validated the SQL script outcome.

20. What will you do today?

Answer: Begin logging minor bugs identified during final testing cycles.

21. What obstacles are impeding your progress?

22. Answer: No obstacles reported.

Project Progress:

Team Member (1): Name: Ameera

25. What did you accomplish yesterday?
Answer: Validated task status with the Gantt chart and ensured updated commit details
26. What will you do today?
Answer: Finalize integration of meeting minutes into the project report.
27. What obstacles are impeding your progress?
Answer: None reported.

Team Member (2): Name: Pauline

25. What did you accomplish yesterday?
Answer: Integrated meeting minutes with commit details into the project report.
26. What will you do today?
Answer: Refine the final report with detailed commit and merge data.
27. What obstacles are impeding your progress?
Answer: No obstacles reported.

Team Member (3): Name: Mathews

25. What did you accomplish yesterday?
Answer: Demonstrated an updated video demo highlighting major features and pseudocode.
26. What will you do today?

Answer: Ensure the video demo overlay reflects the latest pseudocode and data structure details.

27. What obstacles are impeding your progress?

Answer: None reported.

Team Member (4): Name: Nnamdi

25. What did you accomplish yesterday?

Answer: Reviewed the README and commit details to support documentation accuracy.

26. What will you do today?

Answer: Perform one final check on the README document for completeness.

27. What obstacles are impeding your progress?

Answer: No obstacles reported.

Team Member (5): Name: Sheja

26. What did you accomplish yesterday?

Answer: Prepared for a final round of regression testing on updated modules.

27. What will you do today?

Answer: Execute a final round of regression testing to ensure system stability.

28. What obstacles are impeding your progress?

Answer: None reported.

Daily Standup Meeting 10

31. What did you accomplish yesterday?

Answer: Led a detailed code review session ,ensured conflict resolution in merge activities and Implement Data Structure and Algorithm .

32. What will you do today?

Answer: Oversee integration of the review feedback into overall project documentation.

33. What obstacles are impeding your progress?

Answer: None reported.

Team Member (2): Name: Pauline

31. What did you accomplish yesterday?

Answer: Documented the code review session and updated minutes accordingly

32. What will you do today?

Answer: Integrate these details into the final report ,update commit logs and Implement Data Structure and Algorithm.

33. What obstacles are impeding your progress?

Answer: No obstacles reported.

Team Member (3): Name: Mathews

31. What did you accomplish yesterday?

Answer: Led the code review emphasizing coding style consistency ,UX updates and Implement Data Structure and Algorithm.

32. What will you do today?

Answer: Assist in further refining code merges based on review feedback.

33. What obstacles are impeding your progress?

Answer: None reported.

Team Member (4): Name: Nnamdi

30. What did you accomplish yesterday?

Answer: Implement Data Structure and Algorithm.

- What will you do today?

Answer: Iterate on the pseudocode and update technical documentation as needed and review Implement Data Structure and Algorithm.

31. What obstacles are impeding your progress?

Answer: Minor feedback adjustments required.

Team Member (5): Name: Sheja

31. What did you accomplish yesterday?

Answer: Introduced additional edge-case tests , ensured test suite coverage was expanded and Implement Data Structure and Algorithm.

32. What will you do today?

Answer: Continue tracking test case results and update test documentation.

33. What obstacles are impeding your progress?

Answer: No obstacles reported.
